The Muse is great for creative inspiration. But when it comes to the nuts and bolts of getting your creativity *printed*, I'm The Go-to-Gal. I'll guide you through a maze of decisions – from the best paper, size, and bindery method to design options. With 35 years of experience, I'll narrow down the huge selection process to what works for your project and budget. Just call or e-mail me to get started. Unlike the Muse, I'm always easy to find.

Call on The Muse. Then call on me.
